The Torch  
of  
1929

*Published by*  
THE SENIOR CLASS  
LINCOLN HIGH SCHOOL  
WEBSTER CITY, IOWA

## Dedication

*A*S an appreciation of the friendship and service of one who has been willing to sacrifice personal interests for the interests of others; whose sympathy and understanding have won a lasting place in the hearts of the students of Lincoln High; whose personality behind her work has made her work so effective, we the class of 1929 dedicate this Torch to Letitia Whitten.

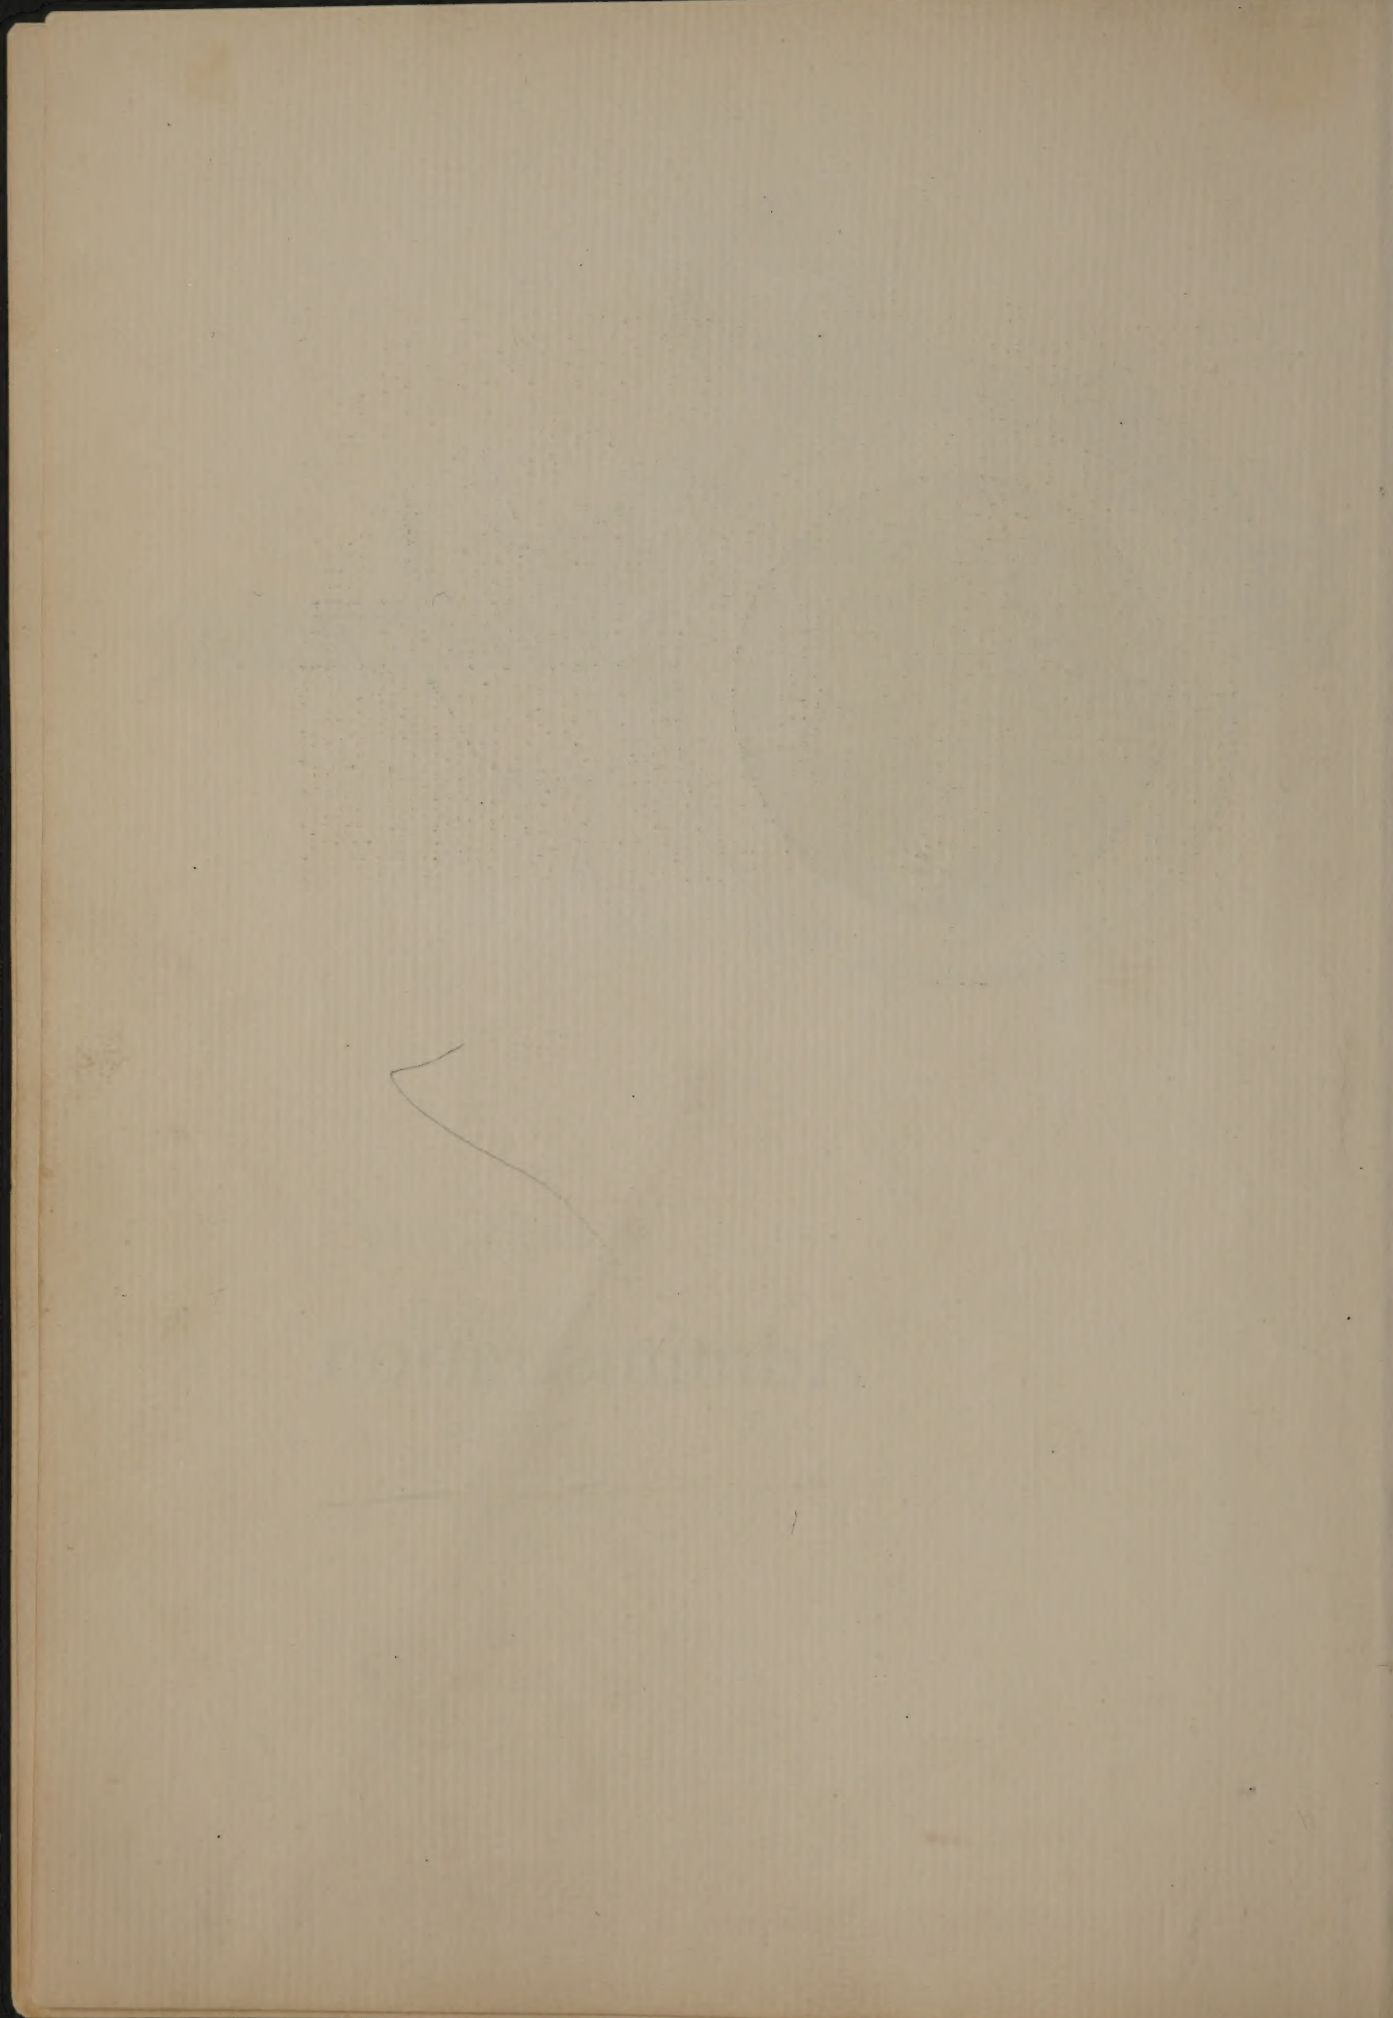

## Foreword

AS we have assembled this book, the Torch of 1929, we have endeavored to record the events of school life which hold the most interest for all.

May it give rise to pleasant memories in old age which will enable you to live this one year over again; and may it draw you nearer to dear old "Lincoln High" that we all love and cherish.

## To Lincoln High

Good bye, dear Lincoln High, good bye,  
As we think of leaving thee, there comes  
a sigh,  
For it won't be long until the time is o'er,  
When we shall enter your doors no more.  
Good bye, dear Lincoln High, good bye.

Oh! how swiftly the years glide by,  
One hardly starts until another is nigh,  
But when to you we come for power,  
We linger, O, linger for many an hour.  
Good bye, dear Lincoln High, good bye.

Oh! gratefully give your knowledge most  
high,  
To all who are ready and willing to try,  
To all who are honest and worthy of  
fame,  
For they are the ones who will play  
life's game.  
Good bye, dear Lincoln High, good bye.

We've had good times, dear Lincoln High  
At parties and banquets in days gone by.  
As others follow along our line,  
Remember the class of Twenty-nine.  
Good bye, dear Lincoln High, good bye.

# REACTION

## *Apparatus*

The empty school-house; bottle full of ambitious juniors (must not be brought in contact with lower classmen which might contain a per cent of impurities).

## *Method*

Place the Juniors in a school-house and carefully note their action. It will be noticed that at once the small particles of individual human properties begin to move around with great rapidity. Nothing is needed to start the reaction except Miss Lyon, Miss Brown, Miss Harlan, or any of the advisers which are used as catalytic agents. At first a brownish color is formed, which later is turned into colors—purple and gold. Later, a light gas which is constantly moving is formed and this is called school spirit and has PEP for its formula; then a heavy dark liquid called studies is formed which these particles carry. Once in awhile one of these drops is dropped, but it is only when the liquid is too light and a heavier one is desired. After leaving in the jar for about four years pour out into the world and watch the change.

## The Junior Play

The play "The Youngest," a three act comedy was presented to Webster City play lovers on November 14. "The Youngest" is a human and appealing comedy of contemporary American life by Phillip Barry.

Richard Winslow, the hero, is pictured as a brow beaten son who wants to write but is hindered at every step by his family who insist upon a business career for him. A charming guest of the Winslows, Nancy Blake, succeeds in helping him overcome his inferiority complex and occupy his rightful place in the family circle.

Fun-loving Muff, stern Oliver, teasing Mark, sophisticated Augusta, and understanding Mrs. Winslow all aid although unknowingly in making Richard over.

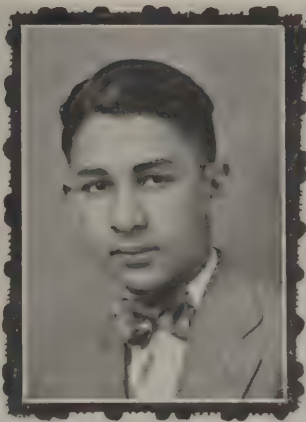

This play was directed by Miss Lyon, Miss Bidwell, and Miss Harlan.

## The Yell Leaders

• • •

"Come on everybody! Up on your feet! Let's give fifteen for the team and give it hard."

This was usually the first step on the part of the pep leaders in the process of creating that winning pep for Lincoln High.

"What's the matter with the yell leaders?"

"They're all right." They certainly succeeded in getting the support of the students at pep meetings and the crowd at games for the team, in order that they might win the game. But that was not the only capacity in which they functioned. They were always on duty at contests and debates as well as games, and helped to win victory for Lincoln High. Verily, the yell leaders are the chief engineers of the big pep machine that has always been in dear old Lincoln.

"Who are these yell leaders that you have been reading about?" They are Ruth Peterson, Irene Froning, and Stuart Lund. They were appointed by the students at the beginning of the year to serve the school to the best of their ability and we all agree they have done nobly.

"Here's to the yell leaders!! Long may they live!!"

# Our Athletic Coaches

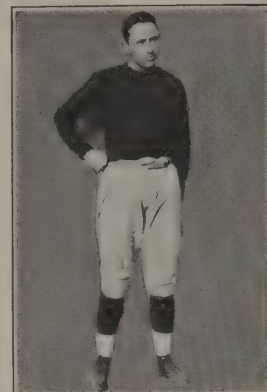

♦ ♦ ♦ ♦

O. W. Rust

## RUST

Everyone knows Mr. Rust "our coach." The school year opened with him getting all set to develop a group of boys into a football team which would represent Lincoln High against other schools. No sooner was the football season over than he had to pick out the speediest men for basketball; and do some tremendous cage coaching to produce a winning team in that line. He then again launched into the track season to chase out some speed and spring to bring home the bacon.

C. C. Coulter

## COULTER

"Chuck" Coulter assisted Mr. Rust in coaching the football boys. His presence on the grid iron and on the trips out of town was an inspiration to the boys, for his personality added much fight and pep.

He also started the Junior College boys out in basketball, but was unable to finish out the season as he accepted a position in Saginaw, Michigan. He was well liked by the boys, and they all would fight their hardest for him.

## LAMSON

Mr. Lamson who came here at the beginning of the second semester stepped right into the boots of Mr. Coulter and started things moving again. He took charge of the Junior College basketball boys and although he had new tactics he certainly put the fight in the boys as was shown by the games played.

## NADEN

"Our beloved" shop and drawing instructor spends part time in getting men in trim also. He appeared regularly on the grid iron last fall working with some of the second team men and getting them started off at the real game. He also coached the second squad in basketball to lay a foundation for later years.

# FOOTBALL

• • •

Although this season of football was not a success as far as the score was concerned, it did much in developing the boys who will be playing again next year. We are looking forward to a winning team for the coming season.

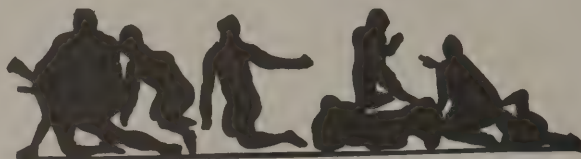

Even though we always had the low end of the score the team of 1929 gave the Webster City fans a chance to see some good games.

We feel that our boys showed good sportsmanship for every one of them "stuck it out to the end" taking all the hard knocks like men. Everyone went into the game with all the fight and determination he could muster and whether the game was won or lost he was there for the next.

As is seen by the following schedule Webster City played some mighty hard games:

Sept. 29	Boone	Nov. 10	Iowa Falls
Oct. 6	East Waterloo	Nov. 17	West Waterloo
Oct. 13	Clarion	Nov. 24	Fort Dodge
Oct. 27	Eagle Grove	Nov. 29	Humboldt

#### Adair Dotson

"Bud" was a strong line man that hit 'em hard. He played end with one time spent at tackle. He did not get in all the games of the year, but played a thrilling game while in action. He cannot be with the team next year, but may go to Junior College.

#### Donald Seamonds

Here was another man that increased the worry of the number of downs for the opposing team. He played guard occasionally but tackle was his chief job and he played it faithfully. "Don" was a good sport and a valuable team mate all season but, sorry to say, he will not be playing again next year.

#### Earl Ruebel

Earl did not get much of a chance to show his stuff for Webster City, because he entered from Fort Dodge and only played the last three games of the season. His consistent playing at end was the earning power of his letter in such a short time. We lose him by graduation.

#### Merrill Bickford

This year makes "Bick" a three letter man at end and he has waged a worthy battle in every game in which he has taken part. He only missed a few minutes of play in the last season's schedule, but he will not have another season to do the same thing.

#### Charles Callery

His hard playing and grit at quarterback made him a valuable man on the team. The ball was usually directed OK as "Chet" did the signal calling. He was in every game of the season and will be back to play again next year.

#### Richard Hurst

"Rich" was the fellow to give the pigskin the ride on the kick-off. He had the weight to put behind it on a punt and did so when necessary. His usual position was guard with a little work at end once in a while. We regret the loss of him greatly.

#### Harry Wilson

At half-back Harry always played a good, hard, game. He was an end runner worthy of praise on any team. Not a game was without Harry and not a minute passed that he was not in action. We lament the loss of such a fine player on the grid iron.

#### Donald Frakes

"Don" was a steady and lusty guard that always displayed plenty of scrapping ability in a game. He did not play every game, but was out to practice and worked diligently all season. This was "Don's" last season of playing but he can be depended upon to support the teams in the future from the side lines.

### Leonard Curtis

Every game found "Curt" at his position of either quarter or half back. He was a little light but handled himself very capably at all times and sometimes his opponents also. We can expect some exceptionally good grid iron performances from him again next year.

### Virgil Stuart

"Stew" came through in good shape as half back. He was an offensive off tackle man and a cog in the team-work wheel. Some games were without him but he should be playing regular in the next two years and will prove a great asset to the team.

### Howard Nickols

The kick off was sometimes left to "Fuzzy" because he possessed the ability to sail the pig-skin far out into the ranks of the enemies. He usually filled an end position very capably but he was stationed at tackle a few games. Although he did not play every game, he will be with us three more years.

### Estle Black

"Blackie" was a flashy backfield man and when something worth while happened, he usually deserved a share of the credit. He did not get to play all the time, but a majority of it. The school will miss him next year.

### Lyle Jones

If "Casey" ever got possession of the ball, it was almost sure to land a few yards nearer the goal line. He was a fast, hard hitting backfielder playing both full and half back. In three more years to play, he ought to be a very valuable player.

### Joe Stoker

Joe Stoker who was captain of the 1929 team was one of the best players on the team for he certainly had the "fighting spirit." He was a guard and a steady player being good at defensive as well as offensive. As Joe is a senior this year, he will be missed by the remaining members of the team.

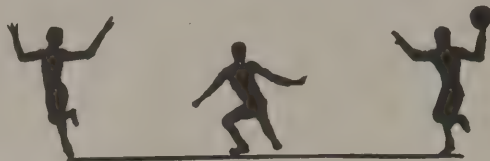

### Noble Johnson

"Nobe" developed the knack of getting hold of a man and "spilling" him when he had the ball. In other words, he turned out to be an A-1 tackle. He didn't play every game, but fans found out his tackling ability while he did play. They will see him again next fall.

### Ralph Meyers

A regular "Spartan" was Ralph in his role of tackle. He played the greater share of the season. The opponent that happened to be carrying through was usually up-set by Ralph, if anyone could do it. He played every game and we are sorry to say, that this is his last year.

### Captain Richard Hurst.

One glance at Captain Hurst would assure one that he was built for center. He showed wonderful ability in this position throughout his basketball career. He received honorable mention on the Register's all-State team last year and we hope that he may be there again this year. We will certainly miss "Rich" as he gave our team the tip-off at practically all games.

### Charles Callery

All Webster City basketball fans know "Chet" as that speedy guard. He is only a little fellow, but may well be called "action personified." When "Chet" got hold of the ball it was doomed to get through the best defense to the forwards,—or through the noose. We are all most thankful that he will be with us one more year.

### Virgil Stuart

"Stew" played guard this year and developed into a great asset for the team although he was considerably hindered by sickness. He should prove a most valuable man for next year's team. This is only his sophomore year so we are looking forward to the development of a real star.

### Gerald Butts

Forward position was the only one for Butts. The ball was usually sure to land in the hands of Butts instead of an opponent when passed from a guard teammate. He should be back on the team for two more years. We expect him to gather more laurels for Lincoln High.

### Lyle Jones

The men on the first team knew that they had to do their utmost on the floor or "Casey" would take their place. He usually played guard and was a good man on the defense. Since "Casey" is only a freshman he has a good start and a chance for an all-state position before his high school career in basketball closes.

### Adair Dotson

A much better guard could not be expected than "Bud." This was the first year he had played basketball, but he certainly did develop into a valuable man. Graduation in June will take him away from the team and without doubt he will be missed.

### Estle Black

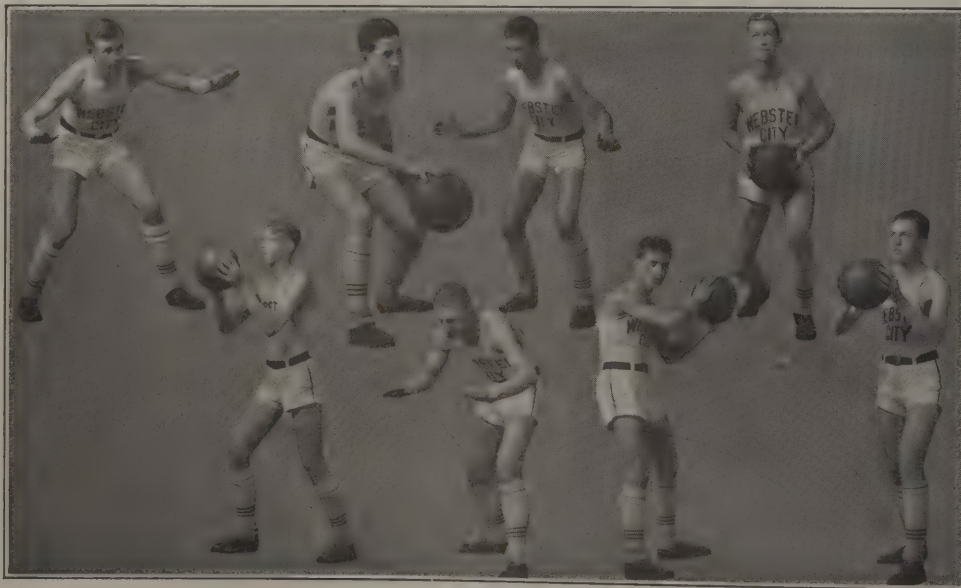

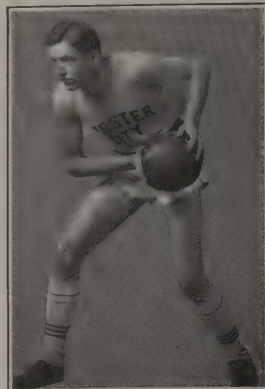

Here was a forward who always displayed some fast floor work and kept the opposing guards guessing to keep him covered. "Blackie" was ready for the ball when the guard was ready to pass it to him. He will be missed by the high school next year, but the college may get his service.

### Leonard Curtis

This is a forward that the school is proud of and can rely on to play a good game. He hasn't played all of the time this year, but fans have had a good chance to get acquainted with his shooting. We can watch him two more years since this is only his sophomore year in high school.

### Harry Wilson

Harry was a good forward who was a constant worry to his opponents. He did some fine playing which everyone could not equal when sent into a game. Wilson and Curtis alternated as running mates to Butts. He will not play next year because of finishing his high school work this year.

# Basket Ball

Who would have thought that such a "whirlwind" basketball team was to represent Webster City this year? To tell the truth, we were a little skeptical, but Mr. Rust and the basketball boys soon showed us our doubts were without reason. For this year Webster City has had one of the most brilliant seasons ever enjoyed. The boys won game after game not by luck but by honest to goodness work—their defense, and their floor work which were wonderful to see.

When our team comes out on the floor in their flashy white suits one feels a thrill for one knows there is power in those five boys—power to bring that score up from the lowest point to the winning point.

## Captain Raymond Burns

Down the laurels fell and many times they enthralled our track captain, "Bunnie." Raymond will always be remembered because of his pleasing personality, his excellent sportsmanship, and, last but not least, the cloud of dust and cinders raised by him on the track. A list of his swift achievements shows that he did more than his share to bring glory to Lincoln High, and, indeed, to himself. A table of his records follows:

State champion of 100 yard dash. Time: 10 flat.

State champion of 220 yard dash. Time: 22 flat. (New record over that of 1924 of :23 3-10).

Equal to North Central Six conference 100 yard dash record.

New record winner of Conference 220 yard dash. Time: 23: 3-10.

New record winner of Conference 440 yard dash. Time: 53: 6-10.

Individual point winner at both the Mason City district and the North Central Six conference meets.

Also winner of the 100 yard dash at Cedar Falls and Mason City district meets and 220 and 440 yard dashes at Mason City district and Grinnell meets.

Winner of second in the 100 yard dash at Mason City National and Grinnell meets and broad jump at Conference meet.

He also performed on the mile, half mile, and 440 yard relay teams.

Raymond went to the Stag meet at Chicago and ran the 100 and 220 yard dashes in the fast heats but the competition was too strong for him to qualify for later heats.

Webster City had a very successful 1928 track season as is shown by the number of letter men and the records of each of them. The chief character on the squad, it is needless to say, was our splendid captain, Raymond Burns. But he alone could not make up a complete squad for it was with the help of the other members also, that our boys brought home the bacon.

During the season Lincoln High was represented by members of the track squad at the Drake Relays, Teachers College meet at Cedar Falls, a dual with Boone at home, North Central Six conference meet at home, district meet at Mason City, Grinnell meet, state meet at Ames, and National Relays at Mason City.

### William Keast

"Bill" was a mid-distance man, high jumper, and shot putter. He was on the champion half and quarter mile relay teams. Sixth point winner in Conference meet, winning high jump, height 5' 6", second shot put and 440 yard dash at the same meet, fourth in 440 at Grinnell, fourth in high jump at the Mason City district meet. "Bill" left us at the end of the first semester this year.

### Cecil Segar

We also had a "steeple chaser" on our team last year. This name seems appropriate for Cecil because he ran some good high and low hurdle races even if it was his first year. He was third in 120 yard high hurdles and fourth in 220 low hurdles at the Conference meet. Everyone wishes he could be back but he left in '28.

### Melford France

"Skinny" undoubtedly played a hard season of basketball in the winter but he was always out with the robins in the spring to get in trim for the track season. He was a good field man, but did not perform on the cinders. He was second point winner, sailed the discus 96 feet 4 inches for another first, and was second in the pole vault at the Conference meet. Third in pole vault at Grinnell. This was his last year for Lincoln High.

### Marion Hughes

The team was rather short of distance men last year but Hughes was a "half miler" that made up for some lack of material. He won the half mile in 2:07 6-10 at the Conference meet and took third at Mason City district meet. There is one more season ahead of him.

### Wayne Passwaters

He was a sprinter who ran away with the baton and gave it to one of his teammates to carry to the tape for Lincoln High. Wayne developed into a good unit on the relay teams that were the champion sprint teams, but did not perform in any special events. He will be pacing for us this spring.

### Lawrence Kelling

"Speedsters," "steeple-chasers," and here is a "globe-trotter." At least he had endurance that might qualify him for globe-trotting. Although he did not get out until late and had to work, he surprised us in turning out to be a mile man. He only competed in a few meets, placing third in the mile at the Conference, and fifth in the district meet. Junior College claims him this year.

### Harry Wilson

With football and basketball ability to his credit, his track achievements make him an all round athlete. He was a worthy fourth of the 440 yard, half mile, and mile relay teams and helped win those championships. Harry not only ran but also did some leaping. He won second in the 220 yard dash at the Conference meet. We can watch him break the wind again this spring.

### Leonard White

Leonard was always an old standby on the team and expended every effort to bring glory to Lincoln High. He was a "budding" half mile champion, but it was unfortunate for him to have an attack of appendicitis early in the season. His effort at the Drake Relays seemed to be the cause of the trouble. Leonard will not run this year.

### Martin Crovisier

As a mid-distance spring man, Martin furnished competition for many of the other fellows on the track. He did not compete in any special events during the season, but alternated with Passwaters on the sprint relay teams. Martin will be a member of "pony express" for transporting the baton again this coming season.

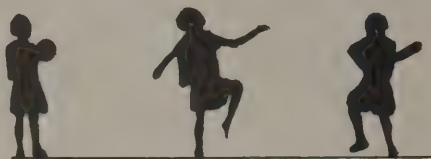

### Richard Hurst

Here was our big "lead slinger." He proved to be about as good at this as with the air "bubbles." It took a big man with plenty of force to heave the shot and "Rich" possessed both qualities. "Rich" was strictly a field man not appearing on the cinders at all. He won the shot put in the conference meet, tossing it 41 ft. 5 1/2 in., and was fourth in the Mason City district meet.

## Girls' Athletics

• • •

The girls belonging to the G. A. A. besides having many good times together at the meetings, have also done much to promote the sports and activities of the year. The base ball and basketball tournaments were sponsored by this organization. The success of the organization was largely due to Miss Wilson's ability to "stir up" the interest in the girls' physical training work.

Miss Wilson also gave an exhibition to the public which demonstrated the many different activities and sports in which the girl of today may participate. No girl should spend her time around the house wishing for something to do, for as shown by the play in this program there are many sports for the modern girl. Every girl from the seventh grade on took part in this program, and it was, indeed, an evening of enjoyment for those who attended.

# Declam

♦ ♦

Lincoln High can well be proud of the Declamatory people this year for they won in the North Central six contest which gave us the right to keep the cup which was won from Humboldt in the quadrangular contest last year.

It was a real honor, indeed, to win this contest for each of the six towns: Eagle Grove, Humboldt, Clarion, Algona, Hampton, and Webster City had six contestants participating in each division, dramatic, humorous and extemporaneous.

However, before this a home contest was held at Lincoln High. Those placing first and second in each division were Helen Western and Robert Buell in dramatic, Herbert Horn and Helen Olson in extemporaneous, and Dick Desmond and Opal Miller in humorous.

In the preliminary contest held at Boone three firsts were won: Robert Buell in dramatic, Dick Desmond in humorous, and Oliver Olson in oratorical.

Robert and Dick again came through with firsts with Oliver taking second, at the sub-district contest held at Webster City.

Much credit for the successful season is due our coach, Miss Peterson.

## Debate

♦ ♦ ♦

Here's to the Debaters Betty, Elston, Bob, and Dick. Each one started with a willing desire to dig till the end, and they certainly have done their part. As in basketball it is not so much the score that counts but the way they played the game. Although Webster City has not always come out ahead, each debater received a world of good from the debates. They have thoroughly enjoyed every minute of the season.

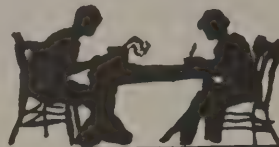

Each debater has left behind a mark by which he can be further identified. Betty Stevens has always been on the job of arguing. She never quits. And certainly what would we do without Elston Herrald, for he has been the walking encyclopedia. Even Miss Brown or Miss Virtue couldn't ask a question that he could not answer. But leave it to Robert Buell to outline. Bob certainly did a wonderful job of summarizing; one, two, three. The debate teams, however, would be lost without Dick Desmond, for from his large vocabulary he has given us some very clever uses of words and phrases.

Let's hope for a bigger season next year because every debater will be with us again.

## Music

Miss Whitten is in charge of all the musical organizations of both Junior and Senior High with the exception of the band.

The double quartet, one of the most popular musical organizations, has taken part in many programs as well as the Junior and Senior High girls' glee clubs and mixed choruses.

A very unique program was presented on February fourteenth by all of these organizations in honor of Valentines day. The whole gym was appropriately decorated with hearts. However, the stage was the center of attraction, being one large valentine. Miss Whitten certainly showed her artistic ability in planning this scene.

Each group did its best in this program, which gave the public an opportunity to hear the fine work of these people and their director.

One realizes what the band means at a basketball game for it certainly "stirs up" the "pep." Through Mr. Schaub's efforts the band has been a success this year.

## The Operetta

♦ ♦ ♦ ♦

"Pickles" was the operetta given this year by the mixed chorus which is under the direction of Miss Whitten. This operetta was a real success and it was doubly appreciated as none was given last year because of the illness of Miss Whitten.

Many pretty scenes, many pretty costumes, and much good singing were enjoyed by those who attended either the afternoon or evening performance.

The cast is as follows:

Hans Maier.....	Fred Hutchinson	Jigo.....	Robert Buell
Louisa.....	Madella Miller	Ilona.....	Thelma Doty
Captain Kinski.....	Herbert Horn	Arthur Crefont.....	Wayne Passwaters
Bumski.....	Melvin Fielder	June.....	Geraldine Gilmore
Rumski.....	Gerald Butts	J. H. Pennington.....	Carlisle Pringle
Jones.....	Martin Crovisier	Lady Vivian.....	Inabelle Walker

Besides these were the waiters, and choruses of the Viennese maidens, burgers, tourists and gypsies.

A synopsis of the operetta follows: Jonas H. Pennington, an American millionaire pickle manufacturer, with his daughter, June, arrives in Vienna amidst preparations for the annual carnival. To his consternation he finds Jones, his advertising expert, advertising Pennington's Peter Piper Pickles too well. An old acquaintance, Lady Vivian, a wealthy Englishwoman, also arrives on her annual quest in search of her daughter, who was lost near Vienna at carnival time when a baby. Kinski, the pompous police chief, plots to substitute the lost child of Lady Vivian and marry her for the fortune.

A band of gypsies visits the carnival led by Jigo, the Chieftain, and his supposed daughter Ilona. Events all lead to the Gypsy camp, where a magic pool reveals the face of Lady Vivian's daughter. Arthur Crefont, a poor artist, wins recognition of his art and also the hand of June Pennington. Lady Vivian consents to become Mrs. Pennington; Kinski's plot is exposed; Ilona is restored to her mother and Jones is rewarded with success in his campaign for the hand of Ilona.

## Chemistry Club

• • •

THE Alpha Chi Tau Chemistry Club was newly organized this year under the supervision of C. C. Coulter. This club met once every two weeks, and at these meetings lectures on various phases of chemistry such as radium, sodium, and sulphur were given, but lectures are not all the club did. A week before Christmas the members met in the science room of the Central building, and enjoyed a social evening playing games. Everyone ate so many eskimo pies and chocolate doughnuts that they were quite unable to study the next day.

New officers were chosen every six weeks so that each member might hold an office during the year, and have a chance to preside over a meeting.

## The Ushers' Brigade

♦ ♦ ♦

THIS was the first year that the Ushers Brigade was organized. It consisted of four juniors, four senior girls, two junior college girls, and two senior boys which were organized under the supervision of Mrs. H. B. Pray. The duty of this brigade was to usher at all events that took place in the gym, and to be ready to help at any time.

The brigade with the help of Miss Lois Wilson prepared a clever drill which was given several times during the year. The ushers with their nifty red costumes functioned very faithfully during the school term.

## Ode To The Woman Hater

---

What is this? What did you say?  
A woman hater? I say "Nay!"  
For if he's one, tell me pray  
Why the girls he will delay?

Oft we see him in the hall  
Leaning up against the wall  
Talking to them; or he'll call  
Sometimes one and sometimes all.

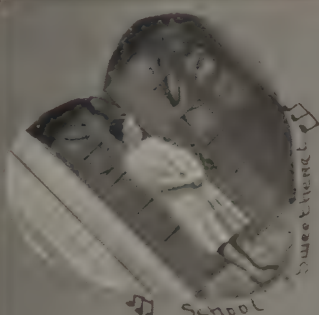

Does he hate 'em? May be so—  
But the world will never know;  
For his hatred doesn't show.  
Let us hope his hate won't grow.

Really he's a pleasant chap  
Tho' his face we'd like to slap  
When at girls he takes a rap  
Wishing they weren't on the map.

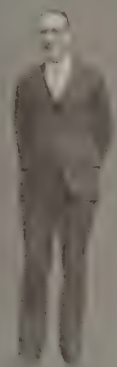

But I ask what would you do,  
Lloyd, without a girl or two?  
Sure you must admit it's true  
They make life interesting for you!

—One of those "Gosh-Darn Girls."

## Junior Senior Hunt

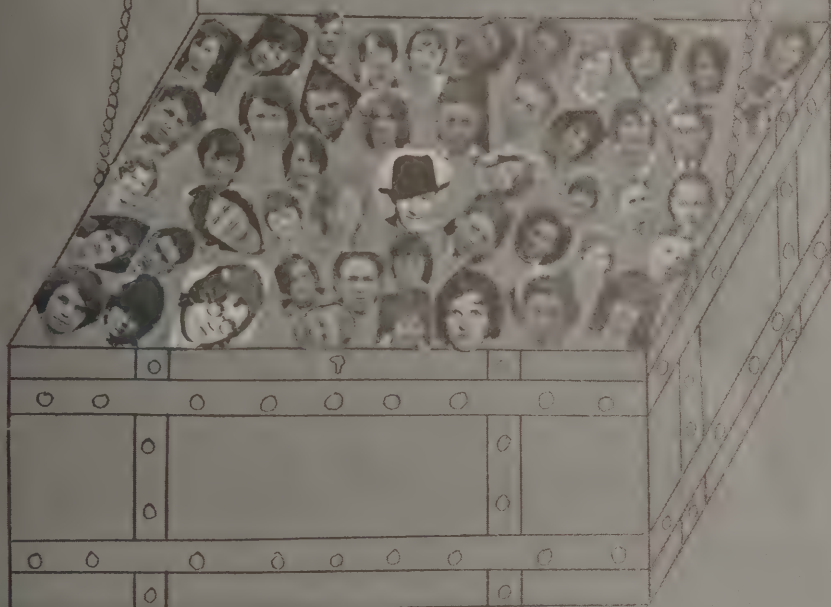

♦ ♦ ♦ ♦

It was on the night of November fifth that the Juniors and Seniors met in the gym to have the long waited for Junior-Senior Hunt. Due to the bad weather of the previous dates set for this event it was postponed several times.

The Seniors left the building at seven-thirty and at eight o'clock the excited Juniors were all set for the adventure. But the sly Seniors, like previous years seemed to have mysteriously dropped off the earth for only a few bunches were found. When the curfew blew every one came in and the Juniors had prepared a very clever program in which "Aunt Bess" seemed to have shown herself to be quite an interlocutor. After this refreshments were served and every one went home agreeing it had been a very enjoyable event.

Treasured Seniors  
of  
Twenty-one

Treasured as nuggets both costly and fine,  
Metal most precious to have and to hold,  
Here are the symbols of our "Twenty-one."  
A class of good boosters for purple and gold.

Gretchen T.: Is it really dangerous to drive with one hand?

Orville B.: Slightly. More than one fellow has run into church doing it.

Harry W.: Dad, I did pretty well in the relay events.

Father: That's fine, son! We'll make use of your talents. Your ma will soon be ready to relay the carpets.

Mr. Preston: I've had the grip, the gout, lumpjaw, lockjaw, and phlebitis, but never suffered like I do with backseatdriveritis.

We know a Scotchman who is so thrifty that he wouldn't spend a nickel to see the Custer massacre with the original cast.

Charles Howd: The sound pictures are really wonderful. Just think, we'll be able to hear Rin-Tin-Tin bark.

Agent: Bill collectors are not permitted to use elevators.

Mr. Preston: You may make out my lease.

## Sure Tough.

"Luck's always against me," murmured Wayne Passwater.

"Unburden yourself," counselled Herbert Horn.

W. P.: Well, last night I was rowing on the lake. The moonlight was maddening. The air was like wine. Romance danced on the rippling waters. It was a night of nights for lovers. The woman with me was fair and beautiful.

H. H.: "Is that your idea of hard luck?"

W. P.: "Certainly the woman was my grandmother."

Silently, one by one, in the infinite notebook of the teachers, blossomed the little zeroes, the forget-me-nots of the Seniors.

Miss Ralls (In Algebra Class): I don't see what you students mean by coming to Algebra and not knowing any more one day than you did the day before. Some people's gray matter is like jelly, won't retain an impression.

Miss Lyon (In U. S. History class): What would you think if you saw a U. S. flag waving over a battlefield?

Student: "Why I would think the wind was blowing."

## Ceasar.

They are all dead who wrote it,

Ray and Evalyn  
Every day  
Side by side  
Always stay.  
In the halls,  
On the street  
His blue eyes  
Brown ones meet.

Brad and Louise  
This year as last  
Keep on going  
Just as fast.  
No big quarrel  
To cloud the air,—  
Pretty much  
The same as e'er.

Jo and Vi  
Just the same  
Haunt the halls  
Like insane.  
Her blonde hair  
Like magic power  
Keeps him waiting  
By the hour.

Fat and Kate  
We must declare  
Keep such a pace  
We stop to stare.  
But none of the looks  
Do they even feel,  
Nor their mutual love  
Attempt to conceal.

To see the courtship  
Of each couple,  
Near all the rest  
It does unruffle.  
Heads together  
Always so:—  
Pretty much  
The same old show.

# Activities

## Football Season 1928

THE first season of football in the Webster City Junior College was not very successful, due to the inexperience of the team. Although winning only two games, the football season was one of which we have every reason to be proud. The team went through the season fighting and playing the game to the end. The outstanding feature of the team this season was the teamwork displayed. We are proud of our team and what they have done.

The members of the squad were R. Henegar, C. Gore, R. Cramer, J. Brewer, W. Keast, G. Drake, P. Gates, K. Sohns, R. Hall, C. Dinsdale, L. Meyers, R. Forrester, M. McFerren.

The following teams were met: Estherville, Eagle Grove, Mason City, Fort Dodge, Boone, Waldorf, Wartburg.

## Basketball Season 1928-29

THE basketball season appeared to be a failure when viewed on paper, but to those who witnessed the games a different impression was given. Of course W. C. J. C. wanted to win, but sometimes defeats are good for us, especially when taken to push forward to greater efforts of attainment. The team, it is true, was defeated time and again, but it is well to remember they competed with some unusually fast and strong teams. The small margins of some of the games lost show that the other teams had to fight hard to win.

All in all, W. C. J. C. feels that this season has not been a failure, but an inspiration to work harder and fight harder in the future in order to redeem themselves by winning more games in the years to come.

With a group of twelve men, the most of whom were without basketball experience, coaches "Chuck" Coulter and "Bob" Lamson were "hard put" to round out enough material to play at all. The members of the squad were R. Henegar, C. Gore, R. Hall, J. Brewer, K. Sohns, W. Keast, L. Mulholland, E. Omstead, C. Pringle, R. Cramer, G. Haggard, and H. Jones. Of these the first six will receive the honor "W".

Conference games were scheduled with Fort Dodge, Eagle Grove, Estherville, Mason City, Sheldon, and Boone. Non-conference games were also played with Wartburg, Waldorf, and Britt.

## Women's Athletic Association

A new organization, an athletic club for women, has been formed in Junior College this year, to promote interest in various sports, including basketball, baseball, tennis, and track.

At the head of the organization for the year is the W. A. A. board, consisting of the president, Miss Evalyn Wilcox; sports manager, Miss Olive Kopecky; treasurer, Miss Viola Paulsen; secretary, Miss Lorene Marvel; and social manager, Miss Esther Drackley. These, with the aid of the physical training director, Miss Lois Wilson, attend to the affairs of the club. A meeting is held once every month with a committee in charge of the dinner.

From those interested in any one sport an all college team is chosen. This team competes with the high school in the tournament. Members of the first baseball team were awarded 100 points toward a letter. Next in the activities is basketball. To win 150 points a girl must play at least eight quarters during the tournament. Members of the track team are also entitled to 100 points. Additional points are awarded for hiking and tennis.

When a girl has won 700 points in the various sports she is entitled to a scarlet and black monogram bearing the letters W. A. A. Such an honor is well worth the effort.

The members of the organization are: Margaret Ann Austin, Ada Berryhill, Ruth Burnstedt, Mildred Crosby, Helen Donaldson, Esther Drackley, Mary Ferguson, Claire Hoge, Alice Kamrar, Olive Kopecky, Celia Lewis, Louise Marvel, Lorene Marvel, Viola Paulsen, Edythe Peterson, Margaret Swanson, Catherine Wehrheim, Dorothea Western, Evalyn Wilcox.

## The Glee Club

THE Junior College Glee Club, directed by Miss Letitia Whitten was a new organization in the Junior College this year. Both freshman and sophomore girls were eligible to membership. The costumes chosen for the club were white sweaters and black skirts. The glee club sang at declamatory contests, basketball games, the Musical, and Baccalaureate Services. During the latter part of the year, the girls gave a musical tea at which they sang the Cantata, Gipsy Suite, by Luigi Denza. This is a group of eleven musical numbers, solos, duets and choruses, and deals with the different phases of gipsy life.

### *The Members Are:*

Sopranos—Louise Marvel, Claire Hoge, Esther Drackley, Ruth Burnstedt, Alice Kamrar.

Second Sopranos—Margaret Swanson, Celia Lewis, Ada Berryhill and Margaret Ann Austin.

Altos—Lorene Marvel, Olive Kopecky and Viola Paulsen.

Pianist—Edythe Peterson.

## “Puppy Love”

♦ ♦ ♦

ONE of the outstanding events of the college year was the presentation of “Puppy Love,” April 26, in the Central Auditorium. The play itself is a good three act comedy with plenty of humorous situations and snappy repartee. The Webster City play goers were granted a most enjoyable evening at the expense of “Puppy Love.”

The action takes place at the home of Mr. and Mrs. Pollard, of Mayfield. Mrs. Margaret Brent and her daughter, Jean, are visiting here to break up a young love affair between Jean and Byron Lockhart. The latter is a son of a rival social leader whom Mrs. Brent dislikes. Byron follows Jean to Mayfield, and obtains a position of chauffeur to Jean's Uncle Sylvanus. About this time Mrs. Brent develops a love affair of her own, and leaves on a house boat party. Jean and Byron are now able to see each other every day.

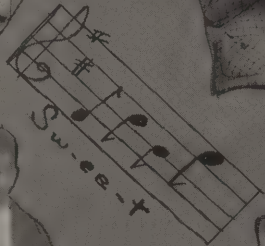

The course of true love never did run smooth, and so all characters find. Medora says that puppy love only leads to a dog's life, but she is persuaded by Andy Baxter to help the youngsters. The play gallops to a finish in the most thrilling manner when Andy Baxter surprisingly fills his position of Justice of Peace, and we have two unexpected weddings.

Speak the speech, I pray you, as I pronounced it to you, trippingly on the tongue; but if you mouth it, as many of your players do, I had as lief the town-crier spoke my lines. Nor do not saw the air too much with your hand, thus; but use all gently; for in the very torrent, tempest, and, as I may say, whirlwind of your passion, you must acquire and beget a temperance that may give it smoothness—Hamlet Act III, Scene II.

Sept. 4—Classes begin.

—:—

Every autumn there comes a flood of laughable incidents at the expense of the little tots just starting to school, or of freshmen just entering college. Of course, this institution should be able to furnish a jest or so. This comes from Mr. Rust. It seems that this gentleman was taking the measurements of some of the pulchritudinous Frosh men:

Mr. R.: Waist?

Nameless Frosh: Thirty-two inches, sir.

Mr. R.: Chest?

N. F.: Thirty-five inches, sir.

Mr. R.: Neck?

N. F.: (somewhat embarrassed). Yes, sir, sometimes.

—:—

### SQUAW DOINGS.

Sept. 5—Miss Celia M. Lewis and Miss Mildred Crosby entertain the college women at a country breakfast at Miss Crosby's home, seven miles south of town.

Sept. 26—Junior College holds a mixer party at De Luxe Hall. Mr. and Mrs. Perry Moore, chaperones.

One of the fair co-eds tells this on a friend:

He: If you keep looking at me like that, I'm going to kiss you.

She: Well, I can't hold this expression much longer.

Fat: What's etiquette, girl friend?

Kate: Oh that's the noise you musn't swallow your tea with when there's company.

#### SPOOK DANCE.

Oct. 25—All manner of strange creatures appeared at the gym tonight for a Hallowe'en Hop. Zest was added to the affair by a swooping white thing which by its yells put to flight even the bravest of the football heroes. (Mrs. Rice, did he ruin that sheet?) Red apples (polished by the doughty Hengar) and monstrous doughnuts were the refreshments.

—:—

Sing a song of winter time,  
Noses all aglow;  
Fifty pairs of slop goshes ranged in a row.

When the mercury goes down  
Girls begin to sing,  
"Won't it feel so gosh-darn good  
When it's really Spring?"

—:—

Feb. 9—B. B. team wins over Britt.

—:—

Feb. 12—College has a Valentine dance on Lincoln's birthday.

—:—

Feb. 16—Mr. Lamson is convinced that Eagle Grove and women are a bad combination.

"Rice," said Moore one day,  
"Why do you suppose Chuck Coulter got married?"

"Dunno," responded Rice, "he's still working."

—:—

Apr. 1—Spring vacation begins.  
Greiner says:

A balky mule has four-wheel  
brakes

A billy goat has bumpers;  
The firefly is a bright spotlight  
Rabbits are puddle jumpers.  
Camels have balloon tired feet  
And carry spares of what they eat

But still I think that nothing  
beats

The kangaroos with rumble  
seats.

Phil Gates: They say the eyesight of the male is superior to that of the female.

Kenny: Sure, that's right. I fell for a girl once who couldn't see me at all.

A young man arrived home after having received the degree of M. A. for graduate work at college, "I suppose Robert will be looking for a Ph. D. next," said a friend of the family to the father, "No," was the reply, "he will be looking for a J. O. B."

"Haggard," said Brewer, "do you know what is a 'operatta'?"

"Sure," replied Haggard.

"Well, tell me it."

"An operatta is a goil wot woiks in a telephone exchange."

—:—

Feb. 25—Cramer and Al. discover a "college age." This will be welcome news to the teachers of Frosh subjects.

—:—

Mar. 8—Official close of B. B. season at Fort Dodge. Now we want to know who started calling our "athletes" INDIANS!

Mar. 8—Lost: One police hound. Will answer to almost anything. Return to Pink Cash.

—:—

Mar. 12—Mr. Rice calls practice for the college play.

—:—

Mar. 18-22—Mid semester exams.

—:—

Apr. 26—Play date. Standing room only. Now we know why "Puppy Love" leads to a dog's life.

—:—

### THE MERRY MONTH OF MAY.

Final exams.  
Baccalaureate.  
Dinner dance.  
Graduation.

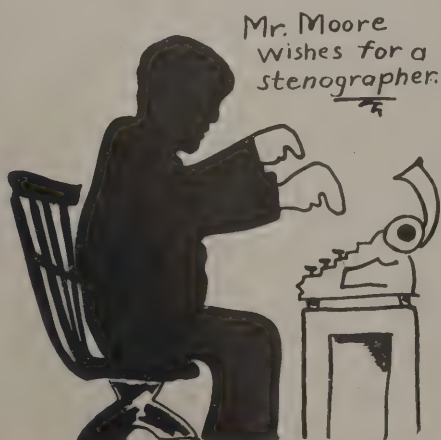

—:—

College is a great educating force. It makes one realize how little he really knows, and how much more can be said on subjects which he believed complete.

*For Everything  
in Music*

**W**EBSTER CITY is known Internationally as a Musical Center. Every musical directory national or international lists it as one of the country's great musical centers where the world's most celebrated artists make frequent engagements.

And the Music House of RUEGNITZ is known as the musical center of Northern Iowa, where the largest stock of celebrated musical instruments may be obtained. In homes all over this area may be found instruments purchased from the House of RUEGNITZ. Not only in the homes, but in schools, churches and studios over this area may be found one or more of our instruments.

An instrument can be placed in your home at a small cash payment and the balance on easy payments. You cannot afford to be without the influence of good music.

## "A Friend of The Family"

Somewhere, near you, there is a sign like this. It is a friendly sign—one that promises Quality, always at a Saving—and back of that promise stands the honor of a great Company.

To the Man of the House it means sturdier shoes and clothes at lower-than-usual prices. His wife knows it as a store where she can find what she wants at a price she can afford.

The next time you see that sign drop in and look around. You will find it an honest, dependable sign—a real "friend of the family."

## WINDOW SHADES

### That Are Washable

#### TONTINE SHADE CLOTH

They are absolutely waterproof, easily washed and can not be damaged by wind or rain.

What homekeeper hasn't wished hundreds of times that she could take her window shades down and wash them. Until now it has been impossible.

But a recent discovery brings a window shade that rain, snow or the elements can not damage. One that you can wash spic and span with soap and water. A window shade that is non-cracking, non-shrinking and non-sagging. One that retains its fine gloss and mellow color despite time and hard wear.

We have made exhaustive tests and the results prove every claim.

Call us or come to the shade department. Demonstrations and estimates will be made without obligation.

It's Always Good!

The new and unusual—that sparkling reality which is known as the life of each school year—is caught and held forever within the pages of Bureau built annuals. The ability to assist in making permanent such delightful bits of class spontaneity rests in an organization of creative artists guided by some 17 years of College Annual work, which experience is the knowledge of balance and taste and the fitness of doing things well. In the finest year books of American Colleges the sincerity and genuineness of Bureau Engraving quality instantly impresses one. They are class records that will live forever.
